

[illegible]

A 5x20 grid of squares representing a 2D density plot. The grid is composed of 100 squares. The density is highest in the top-left and bottom-right corners, indicated by darker gray squares, and lowest in the center, indicated by white squares. The pattern shows a diagonal gradient of density from the top-left to the bottom-right.

A 5x25 grid of squares representing a sparse matrix. The squares are arranged in a pattern that suggests a banded structure with some off-diagonal elements.
